

To the amazing families of Central + Priority Pediatrics-

I am writing to share with you that I will be retiring at the end of this year. While I am excited for this next chapter of my life, it is an understatement to say that I will miss all of you tremendously. It has been an honor to care for your children and watch them grow and develop into such wonderful people. Through all our interactions over the years I've grown too - as a pediatrician, parent, and human being. Thank you.

It really does take a village. And although I will miss everyone, the knowledge that my remarkably competent and kind colleagues will be here to continue to care for your children will make the transitions easier.

With love and gratitude-

Sharon Jaeger
